72 911 T Targa in Orient Red / Black - more like a 85 Euro RS - 85 Euro 3.2, 915, SSI, flares, ducked, Wevoed & Wonged, adj sways, sport shocks, alloy trailing arms, Elephant Racing oil lines, spring plates and bushings, RS clutch & door panels, Corbeau A4 microsuede seats, Speedware harness bar with drop links (stiffens targas!), Scroth DOT harnesses, RSR Rota Foxes, Bridgestone S-04 PP, 2450 lbs PES Option File Thread. This is a discussion on PES Option File Thread within the Pro Evolution Soccer forums. The stock box setup will be fine. The front droop is strange, but comes from the design of the hubs (compared to the rear, where the hubs have some kind of stopper). Focus on completing your core degree subject requirements first. It is feasible to enrol up to the day before Uni starts in units. Wouldn't recommend it as classes typically get full up and you get stuck with shitty times, or are not able to enrol in the subjects, so you have to pick a different one.
